The Right Team

Eide Bailly's health care team includes more than 160 professionals who dedicate 100 percent of their time to the health care industry. Our well-rounded team members have diverse backgrounds and "real world" experience; many have worked in the industry as nurses, CFOs, CEOs, business office managers, coders, billers and reimbursement specialists. We provide more than tax, assurance and compliance services; we are uniquely qualified to assist with reimbursement challenges, new project planning, financing and feasibility assessments, operational and financial strategies, billing and regulatory compliance.
