## Valuable Insights

You can trust that Eide Bailly truly understands regulators' unique challenges, because our insurance team is comprised of former regulators. We have the knowledge and skills to help regulators reach their goals. Clients appreciate our focused knowledge and understanding of current laws and regulations and our ability to deliver tailored solutions to meet their needs.

## Experience that Counts

For more than 40 years, our professionals have been working with insurance regulators. We provide tailored insights, into both the financial and market assurance areas, to help you effectively regulate your domestic insurance companies. Our team of former regulators, Certified Financial Examiners, Accredited Insurance Examiners, Accredited Reinsurance Administration professionals and Accredited Insurance Regulatory Compliance professionals understand the challenges you face. These individuals' involvement in industry groups and the ongoing training they receive ensures they stay up-to-date on insurance regulatory issues. Our clients receive senior-level attention and personal service, resulting in strong business relationships.

## Why Choose Eide Bailly

Eide Bailly has a talented and insightful insurance team with both financial and regulatory experience. Our staff members have drafted captive legislation, performed demutualizations, participated in Form A hearings and examined hundreds of insurance entities throughout their careers. We know the challenges of operating in a lean staffing environment; our professionals provide our clients with the services needed to meet the ever-increasing regulatory demands. Clients also benefit from specialists who have the skills and expertise to help with other business needs, including corporate governance reviews. Our commitment to our clients is reflected in the ranking we've achieved; since 2009, Eide Bailly has been **ranked 5th in the United States** by *A.M. Best's Amount of Statutory Premiums Audited*.

## What our Client Says

*“The Eide Bailly staff members are very professional and extremely knowledgeable in the area of financial examinations. Because they perform these types of examinations under contract to some states, and because many of their staff members in this practice section are former regulators, they really know what the areas of risk are, and what needs to be focused on.”*
