## Strengthening Your Client's Case

Winning your client's case is your goal. Many times it is necessary to reach beyond your firm to find the experience and information you need. With extensive knowledge in economic damages and forensic accounting, our professionals can assist you by providing customized litigation services. Our litigation team can provide you with the resources and accurate information you need to best represent your client.

## A Focused Strategy

Our strategy focuses on extensive analysis that is tailored to each individual situation. Eide Bailly's litigation team works closely with you to understand your situation, gather the right information and accurately assess the potential claim and/or damage. If your case goes to litigation, we can provide expert witness services to support our conclusion.

## Why Choose Eide Bailly

When you work with Eide Bailly, you will work with a team of certified fraud examiners, licensed private investigators, former law enforcement professionals, computer forensic experts, certified forensic interviewers and certified public accountants who have the investigative techniques and technical skills needed to get to the bottom of a situation. In addition, Eide Bailly's Accredited in Business Valuation professionals and Certified Valuation Analysts specialize in calculations of economic damages. We make it our goal to provide you with litigation services that are objective, timely and cost efficient while firmly upholding compliance and regulatory requirements.
